Tech jobs

- A motivated and purpose-driven AI & Automation Specialist, Full-Stack Developer, Executive Virtual Assistant, Project Coordinator, and entrepreneur with a Bachelor's degree in Human Anatomy from Abia State University.
- I combine technical expertise, business strategy, and project coordination to build solutions that improve education, healthcare, and business operations. As the Founder of Nexcore EdTech and Co-Founder & Lead Marketing Strategist at MedCore, I enjoy turning ideas into practical, user-focused solutions.
- Passionate about continuous learning, I have earned professional certifications in web development, backend development, virtual assistance, AI, business, and digital innovation, and I am committed to creating opportunities through technology, AI, and entrepreneurship.
